

Programme sketch for the autumn school "Biodiversity Management" as part of the ACC-Forum

From change to transformation

The Academic Coordination Centre (ACC) in the euro-region Neisse aims to identify and network umbrella topics of the euro-regional research and teaching landscape by performing the first ACC-Forum in October 2023, including an autumn school on "Regions in Transformation – An ecological perspective"

- Date:** Monday 16th October 2023 to Friday 20th October 2023
- Location:** St. Marienthal in 02899 Ostritz (Germany)
- Language:** English
- Modules:** Biodiversity Management and Sustainability (TU Dresden, IHI Zittau), **5 ECTS**
Ressourcenmanagement (TU Dresden, IHI Zittau), **5 ECTS**

Abstract

This autumn school focusses on the importance of biodiversity for sustainable development and the interactions between biodiversity and business. Included topics are different frameworks and standards of sustainability reporting which can be used to critically evaluate biodiversity activities of companies based on corporate reports.
